

Render the Possibilities
SIGGRAPH2016

Two Ways to Review General Submissions

1) Online via SIS (https://sis.siggraph.org/cgi-bin/SIS_SSL.py)

- Login to SIS, select “Access the Jury/Review System.”
- Under “General Submission,” select “Submission Review” and click “Go.”
- You will see a list of the submissions assigned for your review.
- Download the files as needed (click on “Files” for each submission).
- Click “Review” for each submission, fill out the form.

2) Offline, with review forms submitted via e-mail

- Download the files for all your assigned submissions. This can be done individually or in batches.
- Download the “Email/TXT” review forms. This can be done individually or in one batch.
- Fill out the text files with your reviews for each submission.
 - o Ensure you only write between lines “BEGIN_ANSWER” and “END_ANSWER”
 - o **Do not delete** any lines starting with `##*` (the forms will not be accepted by SIS).
 - o Avoid deleting lines starting with `##!` (though it might be OK).
- Return the form to reviews@siggraph.org. You must mail it from your from your SIS e-mail.
- Double check the files upload correctly, or keep copies of your reviews until after the jury.

Please Note: We would prefer you do not use the “Offline Review App” as this software is *not* supported. However, if you have a specific reason why you may need to use this App please contact confadmin@siggraph.org first to discuss.
